

FINANCIAL ANALYST

Passionate about finance and data analysis and eager to apply your skills in a meaningful way? Public Media Company is looking for a dynamic, motivated Financial Analyst to join our mission-driven team, working with both start-ups and nationally renowned public media organizations. This is more than just a job; it is a unique opportunity to play a vital role in helping local media ecosystems grow and thrive. You will work with senior management, collaborate with experts across media operations, journalism, and finance, and develop skills that will set you up for an exciting career path in media, finance, and beyond.

About Us:

Since 2001, Public Media Company has supported over 400 nonprofit and public media organizations, with the mission to drive sustainable growth in public media. We use a data-driven approach, applying financial and operational expertise to help public media organizations make strategic, well-informed decisions. By working with us, you'll contribute to meaningful projects that impact millions of people while honing your skills in finance and data analysis.

What You will Do:

As a Financial Analyst, you will have hands-on opportunities to:

- Analyze and interpret financial statements to drive strategic recommendations for media clients.
- Develop sophisticated business models to evaluate mergers, acquisitions, collaborations, and innovative projects.
- Conduct market analyses and asset valuations for broadcast media.
- Run coverage maps to help illustrate broadcast signal reach.
- Visualize complex data using tools like Excel and Tableau to bring insights to life for our clients.
- Create engaging narratives and presentations that communicate financial models in a clear, compelling way.
- Stay on top of industry trends in media and public broadcasting.
- Collaborate with our team and clients to provide data-driven insights that drive meaningful change in local media.

- Model financing structures like conventional loans and tax-exempt bonds, providing solutions for funding capital investment projects.

What We are Looking For:

- **Technical Skills:** Proficiency in Excel (pivot tables, VLOOKUP, macros) is a must, with a bonus if you know Tableau or other visualization software, and AI tools to help simplify workflow processes and increase analytical insights.
- **Preferred Experience:** 2+ years in building financial models, analyzing financial statements, or working with data analytical tools (but we are open to new grads with a strong foundation in finance, accounting and analytics).
- **Educational Background:** A bachelor's degree in Business, Economics, Finance, Accounting, or Mathematics (or equivalent).
- **Personal Attributes:** Analytical thinkers with strong attention to detail, excellent communication skills for presenting data insights, and the ability to work both independently and collaboratively.

What We Offer:

- A competitive salary of \$62,000-\$66,000 per year
- Remote work flexibility with a preference for candidates in Arizona, California, Colorado, Illinois, Maine, Michigan, or Wyoming.
- A chance to grow professionally in an organization that champions your development.

If you are looking for an opportunity to make a difference in public media and grow in a supportive, mission-driven environment, this is the role for you. Join Public Media Company, and let's work together to create a more connected, informed, and inspired world through local, independent media!

More about Public Media Company

Public Media Company is a distributed company headquartered in Boulder, Colorado.
